42 Financial Services Signs on with Sphirra Platform

Intermediary brokering company 42 Financial Services has signed on to the Sphirra Trading Platform.

(London) 1 October 2020 – Sphirra Ltd (Sphirra) is proud to announce that **42 Financial Services**, a leading broker of Central and Eastern European energy products, has signed on to offer the Sphirra Trading Platform to its customers. This marks a response to increased volumes and demand for high performance trading technology in the region.

Sphirra will be hosting all natural gas, electricity and renewable products that 42 Financial Services currently offer their customers.

"42 Financial Services have been a great supporter of us since our very first meeting. We are excited at the opportunity to help them grow their business for years to come." - Aidan Gibson, Managing Director, Sphirra.

"It's great to be working for such a dynamic and hardworking company as 42 Financial Services. As the only OTF in the Czech Republic and the only brokerage company outside of the UK being a member of The London Energy Brokers' Association (LEBA), they are a vital part of the European trading community." - Mike McDermott, Director, Sphirra.

"We are a dynamic and agile company that puts the success of the customer first in a competitive and heavily regulated environment. It's great that Sphirra provides us and our customers with the flexible technology, execution speed and credit tools that will enable our client base to continue growing and improve the quality and range of services we provide." - Pavel Petera, Head of Energy Desk, 42 Financial Services.

"We have a long standing relationship with 42FS and their service has been always great. 42FS is one of the top brokers in Central East Europe region and I believe adopting the Sphirra Trading Platform may help them to prove their quality towards Western Europe players." – David Poupě, Head of Commodity Trading, ČEZ.

About Sphirra

Founded in response to industry demand for a next generation trading platform, Sphirra delivers the flexibility, high-performance and innovation traders and brokers have been looking for.

SPHIRRA

ENERGY TRADING EVOLVED

With its ability to support high transaction rates, advance tools and customer workflows, Sphirra's design adapts to the changing requirements of a globalized energy market, whilst keeping customer long term costs low.

Sphirra's single platform has the power to process global transactions whilst maintaining a real-time view of markets, high-performance and the flexibility to adapt to changing regulation. Built on the latest technology, ongoing innovation is central to our business strategy. Sphirra aims to enable technology to flourish through facilitating continuous improvement and growth.
